

Institutional Audit Checklist #6: Community Involvement, Input and Support (CLAS Standard #12)

1. Utilization of Community Organizations for Input and Support

In the table below, record our healthcare organization's ability to incorporate feedback from important community and/or religious organizations in the development of a culturally diverse environment.

Primary ethnic, racial and/or religious populations in our service area (List below)	Important community and/or religious organizations affiliated with that population group (List below)	Direct Contact has been established between our healthcare organization and the community organization (Circle Yes or No)		A member of the community organization serves on one or more advisory boards and/or committees (Circle Yes or No)		Input on how to improve patient satisfaction has been requested from the community organization (Circle Yes or No)	
		Yes	No	Yes	No	Yes	No

3. List other forms of community group involvement and/or support that currently engaged in or planned for implementation in the future.
